USPS - Please don't close this facility!

WE ♥ THE HAWLEYVILLE POST OFFICE

BACKGROUND: For the last three years, the United States Postal Service has stated that they were committed to the preservation of the Hawleyville Post Office. In spite of the landlord's, the Housatonic Railroad, willingness to negotiate continued occupancy as one option, and the willingness of a local developer to meet construction requirements for a long term least at 23 Barnabas Road as another option, the USPS has called for permanent closure of the Hawleyville Post Office. See Newtown Bee, January 16, 2009, for further details.

PETITION: We the undersigned call on the US Postal Service to keep Hawleyville postal services at it's current site location with appropriate renovations, or to provide a permanent location on Barnabas Road or other Hawleyville location:
